

The Dynamics of Getting High:
An In Depth Look Into Youth, Adult, School & Community
Alcohol, Drug Use/Abuse & Violence Trends
October 3rd & 4th, 2013 -Boise, Idaho

Every day communities are facing **drug and alcohol related problems at an alarming rate**. This **hands-on class** will teach you about the various drugs that are being ingested, snorted, huffed, concealed, sold and smoked every day. Also, you will learn about common everyday compartments and locations that are used for weapon and drug concealment. Most drug abusers frequently show signs and /or symptoms through their eyes, demeanor, clothing, words and slang terms. This class will teach you where these items originate from, how they are abused, why they are abused, and what you can do to combat the problem. You will also learn about new alcoholic beverages, mixers, internet based products and concealment methods that are common nationwide. More youth and adults are finding ways to access these different alcoholic beverages, and in some cases consume them right in front of you.

Can you identify over the counter items, prescription drugs, inhalants, OTC medicines, synthetic drugs, clothing, energy drinks, alcoholic whipped cream, dilated pupils, drug paraphernalia, and other physical signs and symptoms that are consistent with underage drinking, alcohol abuse or drug abuse? This is only the beginning...This class **offers two well-known, nationally recognized speakers, over 300 hands-on visual aids, and a mock room exercise** to help you increase your knowledge level. *Each attendee will also receive a free book that breaks down the drug culture along with other "take-aways" that you can use.*

Who Should Attend: Educators, Law Enforcement, Counselors, SRO's, Coalition Members, Probation Officers, Prevention Specialists, Parents, Tribal Members, Coaches, DRE's, and Community Members.

Location: Courtyard Marriott-1789 South Eagle Road, Meridian, Idaho 83642 1-208-888-0800

INSTRUCTORS:

Author/Deputy Joe Keil (Manitowoc, Wisconsin): Deputy Keil is a certified Drug Recognition Expert Instructor. Joe has trained thousands across the United States in physiology and drug recognition. Keil currently instructs various drug courses for the Multijurisdictional Counter Drug Task Force for St. Petersburg College.

In 2009, Joe authored and published his first book "When Just Say No Doesn't Work". In this book Joe broke down the street level approach and identifiers of youth and adult drug users. This book has helped communities identify many of the signs and symptoms of drug use. Joe currently holds a certification as an instructor in Standardized Field Sobriety Testing, Drug Recognition Expert, Drug Interdiction, Vehicle Contacts, Cultural Diversity and Ethics. This will be Joe's 3rd time providing training in the state of Idaho.

Officer Jermaine Galloway (Boise, Idaho):

Officer Galloway has been providing training for the last 9 years. Galloway has been an Idaho law enforcement officer for the last 15 years, and is an Idaho POST certified instructor along with an adjunct instructor at NNU. Galloway currently provides local and nationwide training to police officers, prevention personnel, counselors, educators, parents and community coalition members. Galloway also spends much of his time speaking to youth on the harms of underage drinking, drug abuse and tobacco. Officer Galloway spends a lot of time researching, "scouting", learning information in regards to national establishments in regards to what they sell, market and promote. This unpatrolled research will provide you with the most up to date information and help you to identify what is being sold, used and abused in your community.

In 2009, Jermaine received the National Law Enforcement Partner of the year award from (OJJDP) Office of Juvenile Justice and Delinquency Prevention. In 2010, Jermaine received the National Mickey Sadoff Underage Drinking Award from the director (MADD) Mothers Against Drunk Driving.
