What other Courses would you like to see offered? _____

Northwest Combatives is a company offering Defensive Tactics training to Law Enforcement professionals, as well as private companies who are interested in keeping employees safe. We are highly trained professionals with deep roots in the Law Enforcement industry as well as the Martial Arts community. Our Instructors are experts in their fields and offer cutting edge training you won't find anywhere else. Our cutting edge classes, seminars and lectures will give your agency the skill sets they need to stay safe on the street while protecting our communities. We thank you for taking part in this seminar and look forward to working with you in the future.
