About the Training

VALOR Training is designed for front-line law enforcement to promote officer safety and help prevent injuries and deaths to law enforcement officers in the line of duty. In this training, participants will gain an understanding of emerging threats, including those posed by antigovernment criminal extremists, and learn techniques for anticipating and surviving a violent encounter, based on the "Deadly Mix" framework (the officer, offender, and circumstances). In addition, officers will learn how to identify concealed weapons and armed gunmen, gain knowledge of the mental and physical skills required for high-risk tactical situations that may involve active shooters, and understand the importance of self-aid/buddy-aid training.
